The disgusting truth about lody

What started as a friendship turned very, very, very dark quickly, she's a psychotic, lying, manipulative, provocative, selfish, obsessive teenage girl, that i exposed in the span of 15 days.

I'm going to be going over my experience with lody / "A" better known as kholoud.

May 1st:

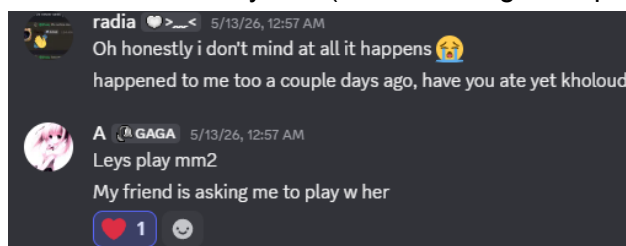

My first encounter with her was on this day though we barely spoke, it was mostly the fact i was catching someone else out for potentially being a predator WHO WAS PROVED INNOCENT LATER BY ME. SHOUT TO MAREWAN. W.

This is one of our first talks about him which is very very weird considering she mentions "He's doing alot of drama" whereas we can see in the actual server tbigui she's the one with the most drama being made.

Anyways, our conversations we're very much normal and we spoke in tbi alot apologies not many chats can be shown as they were purged due to the amounts of MASSIVE arguments taking place.

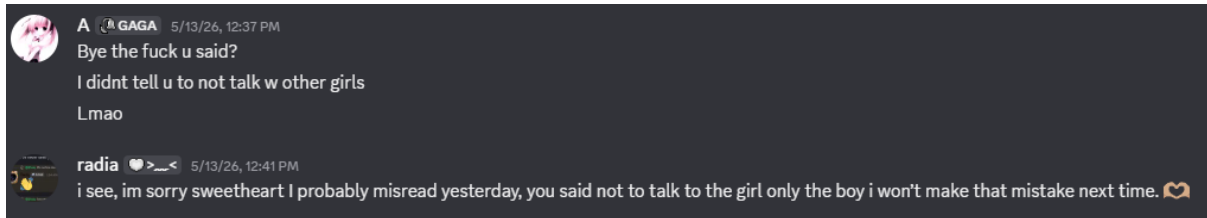

Fast forward to may 5th: (her account got suspended so she's talking to me on her alt acc)

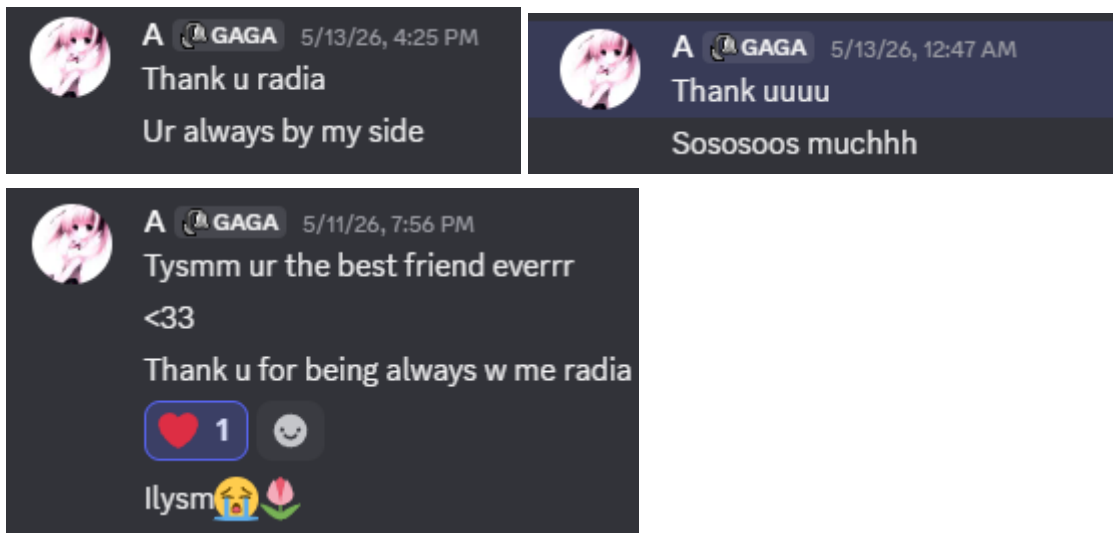

Our chat's really didn't get much uglier.

Once again i apologise for the inadequate grammar, i wasn't really focusing on my spag or what words i used, i genuinely felt a connection between me and her, we we're really really good friends. We would ask eachother to play games late at night, talk all night comfort eachother.

We now move on to May 6th 2026:

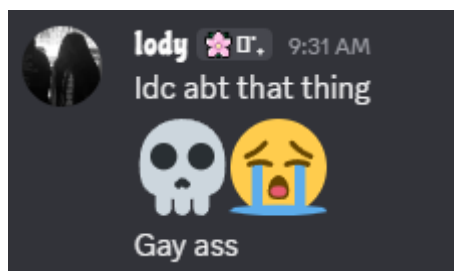

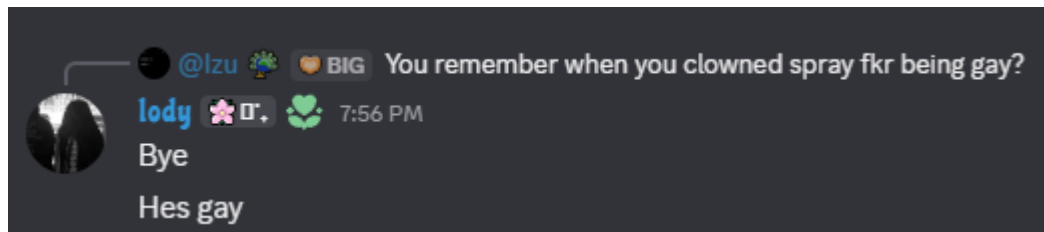

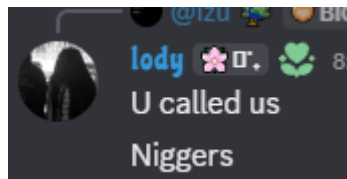

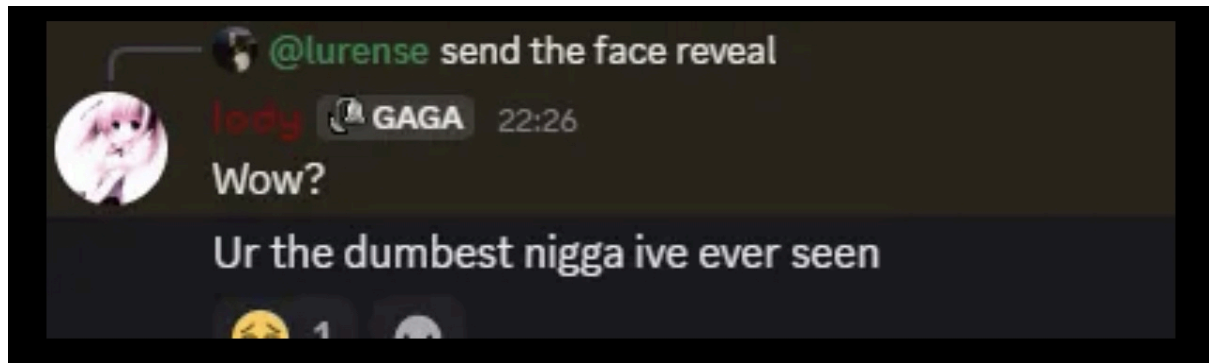

On roblox she told me "don't speak to the girl" Nothing else. Just that. I assumed oh yeah ofcourse, that's fine. Anyways I later kinda "clowned" her for it as a joke ofcourse in tbi, saying "Didn't you tell me not to speak to other girls?" ofcourse i meant it as a joke yet she took it very literally and went and swore at me in dm's but it only get's worse from here. Our conversations we're moderate at best, we played she showed me houses, i cloned houses for her, defended her in chat's when people we're being mean to her. Single handedly, i procured her mental state from depleting in just 24 hours.

Here's proof that i'm not just claiming to be the shining knight, but honestly what proof do you need with a person like this? I have a whole archived chat. In [Untitled document](#)

Homophobia / racist remarks she's made

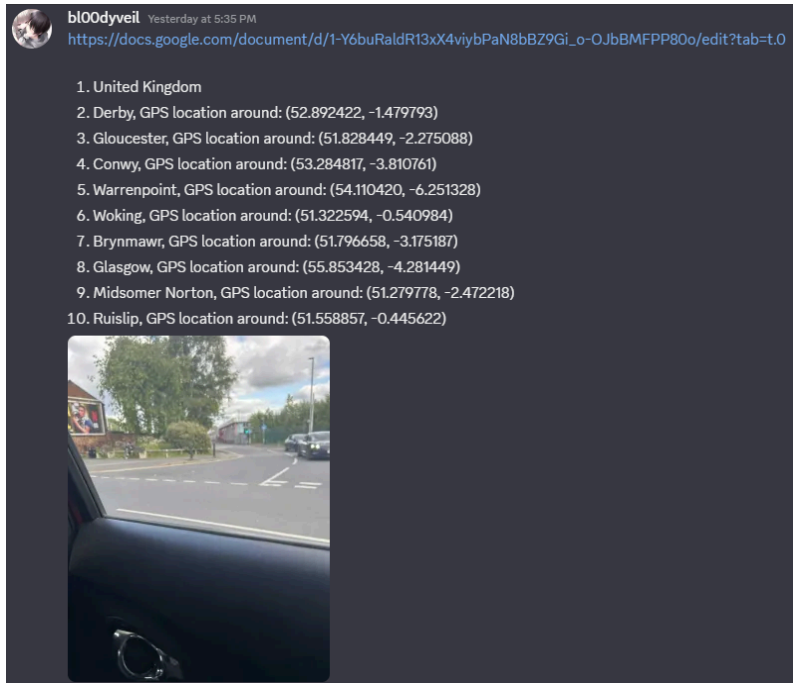

Doxxing threats

Okay, now i'm going to address her doxxing threats. Her larping e-boyfriend bl00dyveil tried using chatgpt to find my address and it WORKED?!?!?

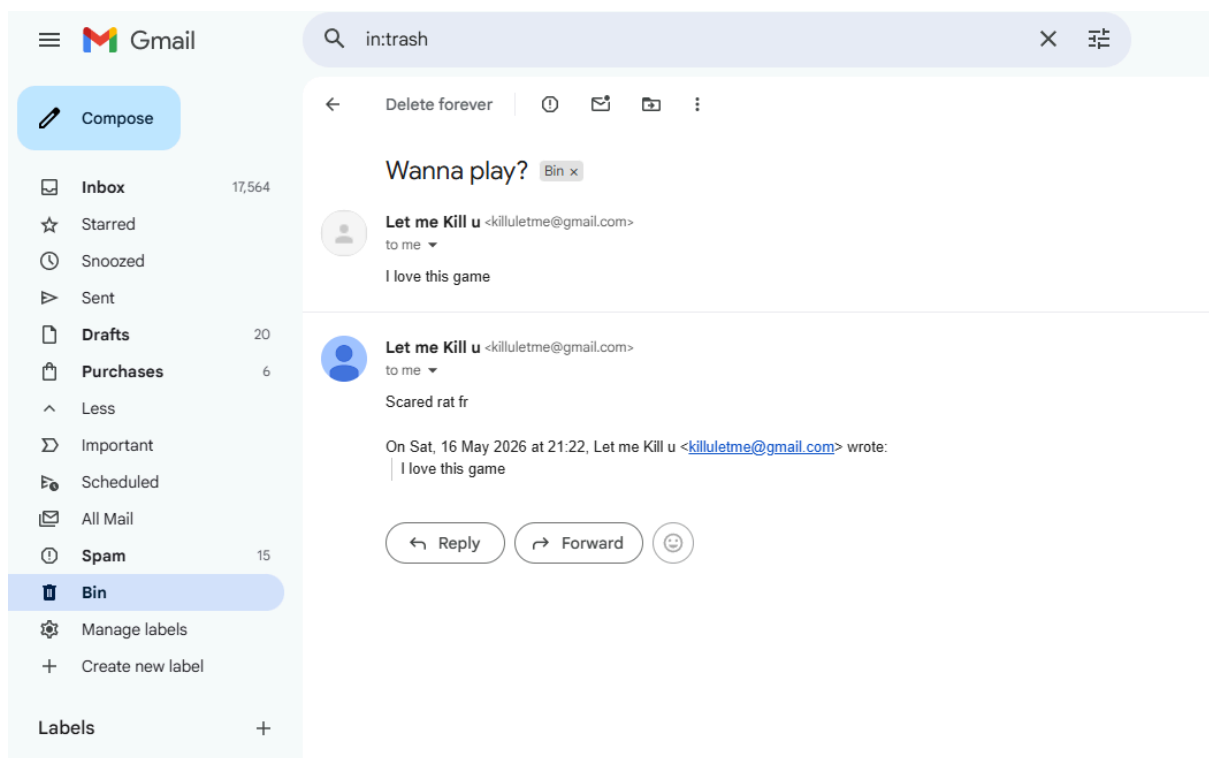

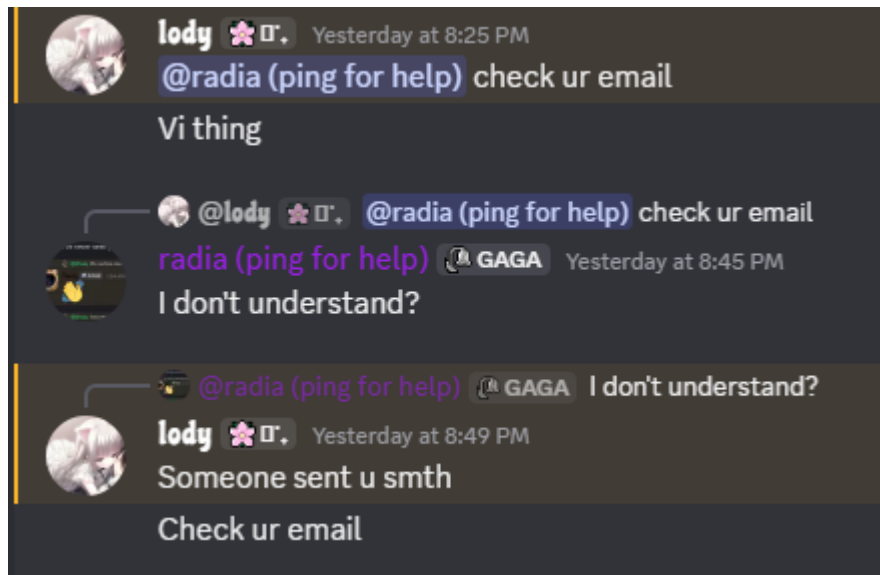

Well not really, it's close to me but also very very... very..... far.

Actually i think even police wouldn't be able to find me with those 10 markers and even so, 10 markers which aren't even close just SHOW the use of Ai. You larping freak.

“Tariq files” 🤔 insane.

Anyways, you seem to know alot about larping? Especially your e-boyfriend i mean I feel like you only made him match because you've lost all your friends because of how toxic, vile, obsessive, manipulative, controlling, psychotic AND evil you are.
Let's take a look..

Pictures / photo's of her (These are NOT her so i have no reason not to share these)

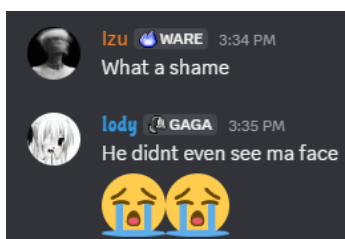

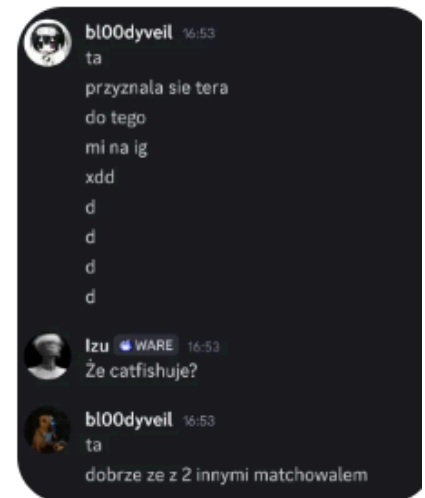

Furthermore proof she avoids facetimeing, avoids showing her face. Sends photo's of other girls. She sent me the photo of her on the on the left, we found the photo on the right on google

These are the similarities Ai told me were similar in each photo by x,y axis. The original photo's are above though. As for our chat history in. [Lodyfiles](#) at the main page.

This is like an evil supervilain holy, so we got doxxing, larping an e-girl, larping osint and catfishing?

The chat is in Polish. Here's the translation:

bl00dyveil:

"yeah
she admitted just now
to it
to me on ig (Instagram)
xdd
d
d
d
d"

Izu:

"That she's catfishing?"

bl00dyveil:

"yeah
good thing I matched with 2 others"

"xdd" is Polish internet slang similar to "lol."

ChatGPT can make mistakes. Check important info. See [Cookie Preferences](#).

This was confirmed by someone that is polish^

She proceeded to show not just me, but two other people a random photo of a girl she found online, i have incredible opsec because im an internet larp, jk i used google reverse image search to find an EXACT copy in [Lodyfiles](#) click to go to the tab.

Lody being genuinely toxic to everybody she speaks to overall. It's become a problem to the fact she makes drama with nearly everybody and everyone she sees. Jisoo had 0 contact with lody yet still got backlash.

@A  GAGA Radia yk thats i got no friends

radia  >_< 5/8/26, 5:03 PM
 Lody you have plenty of friends in the Tbi server from what I can see
 it's people that you can trust you don't that many of
 Trust is a big thing tbh, that's what i was going over with haze the other day-- By the way there was probably better words he could've used "sl*t" is very misogynistic (edited)

A  GAGA 5/8/26, 5:08 PM
 Wanna be friends?

@A  GAGA Wanna be friends?

radia  >_< 5/8/26, 5:08 PM
 Are we not friends already?!?!

A  GAGA 5/8/26, 5:08 PM
 Ok that was cringe

radia  >_< Are we not friends already?!?!

A  GAGA 5/8/26, 5:08 PM
 I don't expect you to consider me as a friend

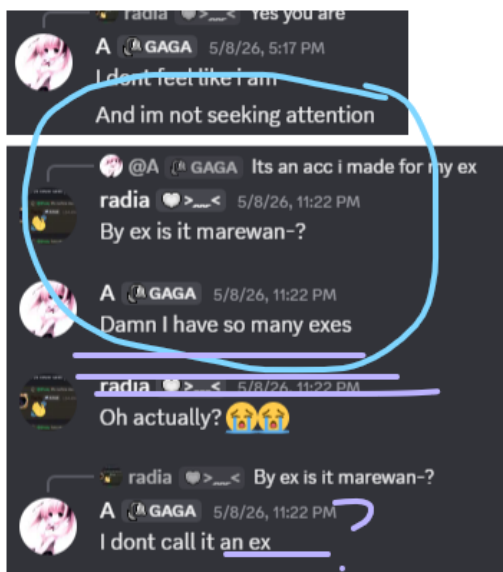

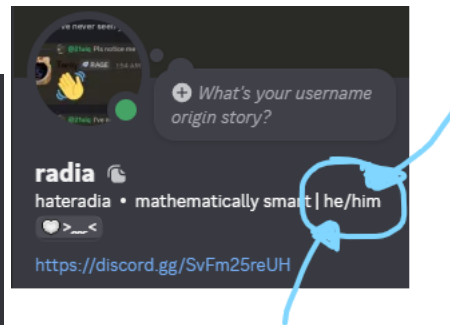

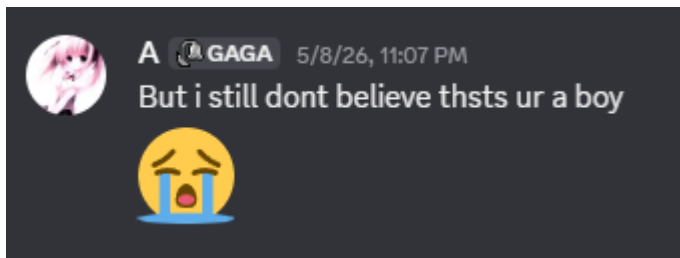

A  GAGA 5/8/26, 5:13 PM
 If someone is TEXTING U js for ragesploit keys or something else
 U cant call him a friend
 Thats a different kind of friendship
 Thats Exploitation

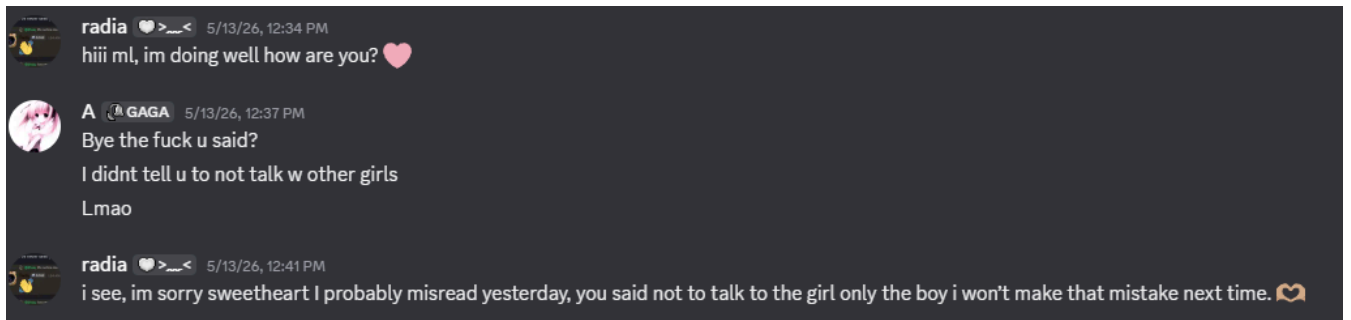

She talks alot about exploitation but not of the fact she exploited my kindness

radia  >_< Yes you are

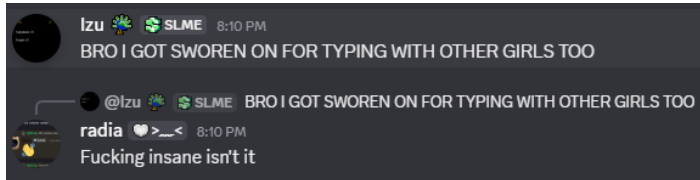

A  GAGA 5/8/26, 5:17 PM
 I dont feel like i am
 And im not seeking attention
 From u
 I js
 Need help

This is kinda called attention seeking, i mean if it's from many people i'd associate that with attention seeking but given the matching profile's you have with bl00dyveil right now i'd say you have a fair amount of attention.

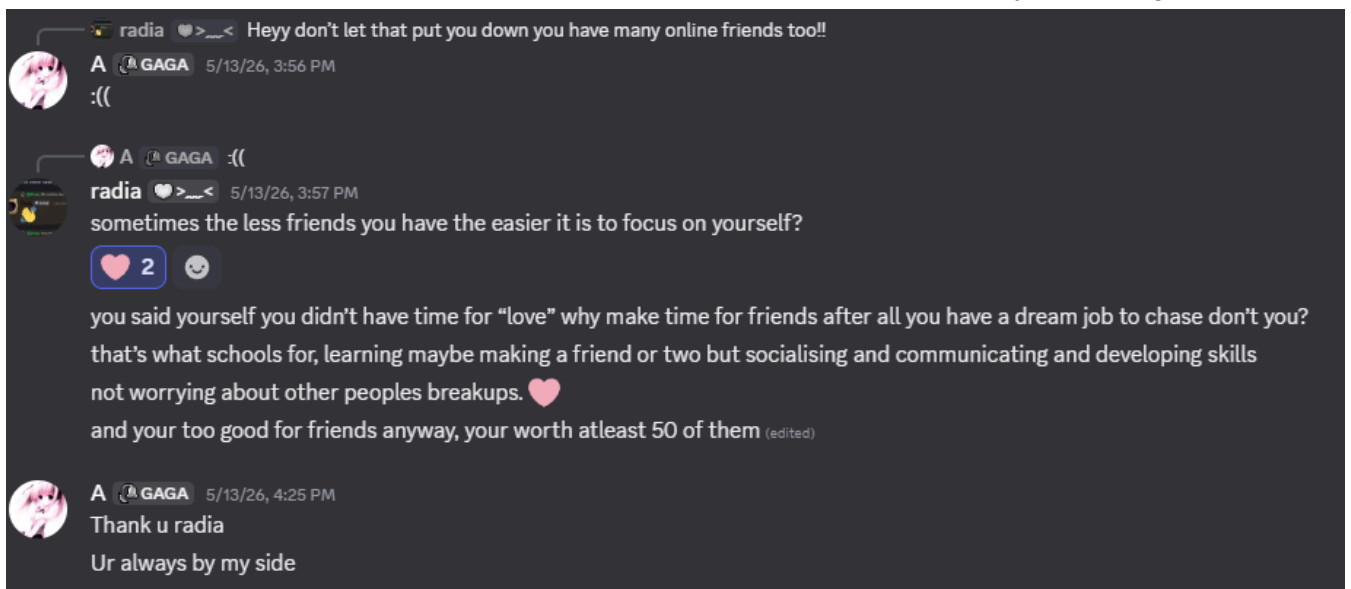

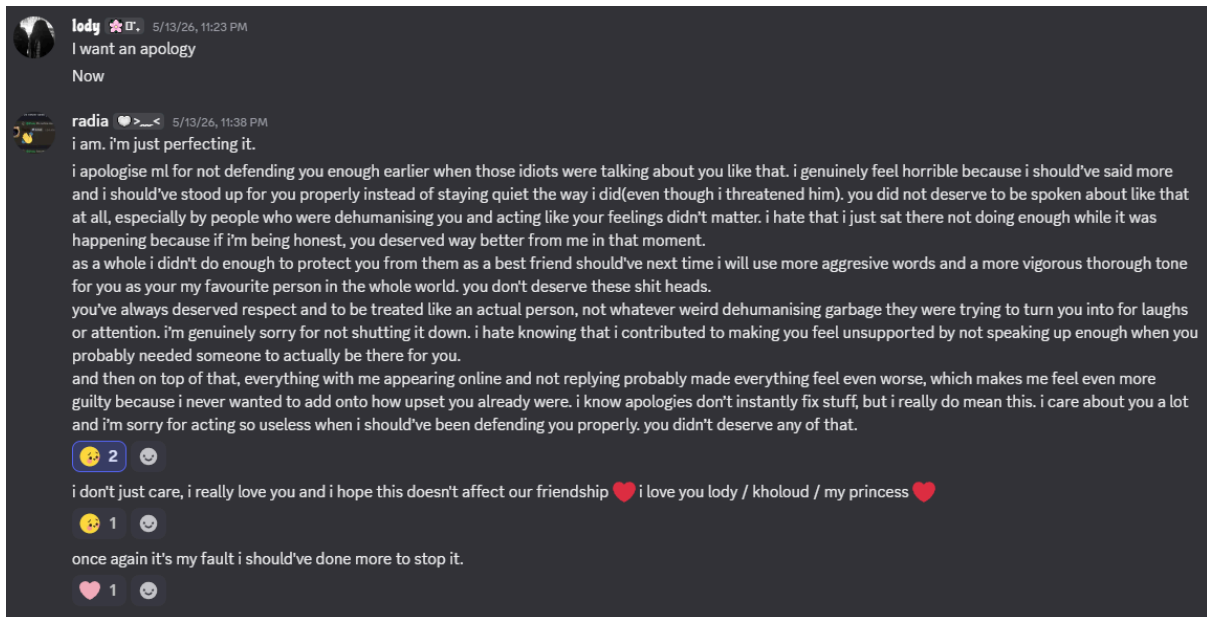

Okay fine i'll explain this too, we were playing blade ball and she said "Don't talk to the girl"

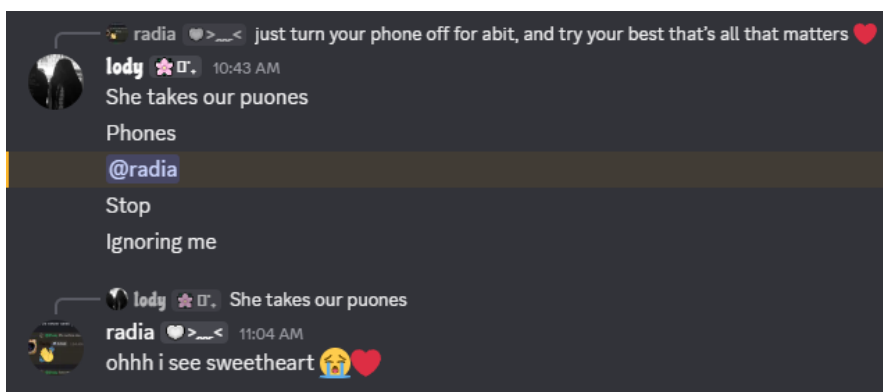

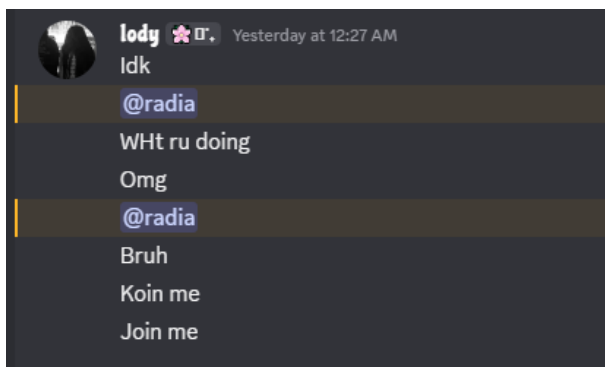

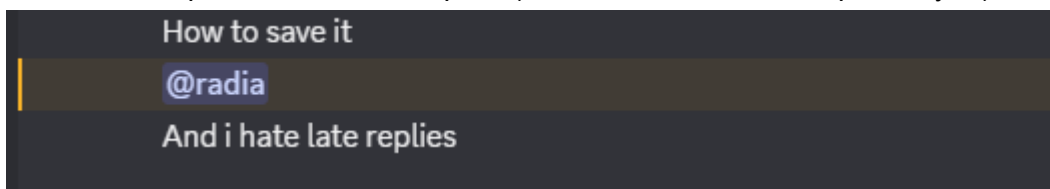

it seems im not the only one though.

Anyways, i'm once again throwing this in there showing how much attention i gave her and how much wasn't enough to make her happy.

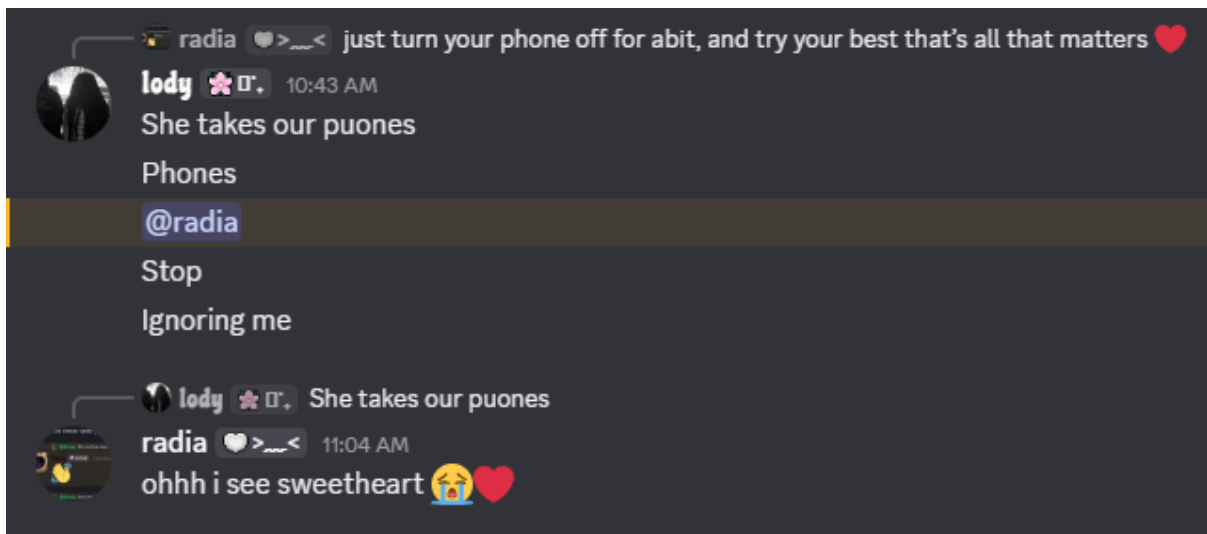

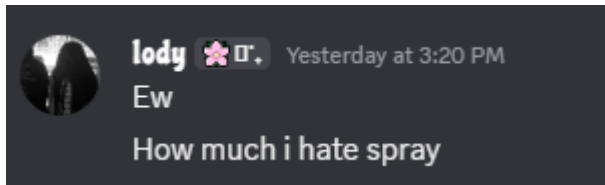

This is in sentient how kind i was being in response to her trauma's and stuff and what i got back was complaints about late replies (we aren't in a relationship mind you)

I'm not a snowflake but spam pinging is basically a pain in my ass if you wanna deal with the spam pings for her go for it. Message her

What is really funny though is that she was VERY defensive about “talking shit”

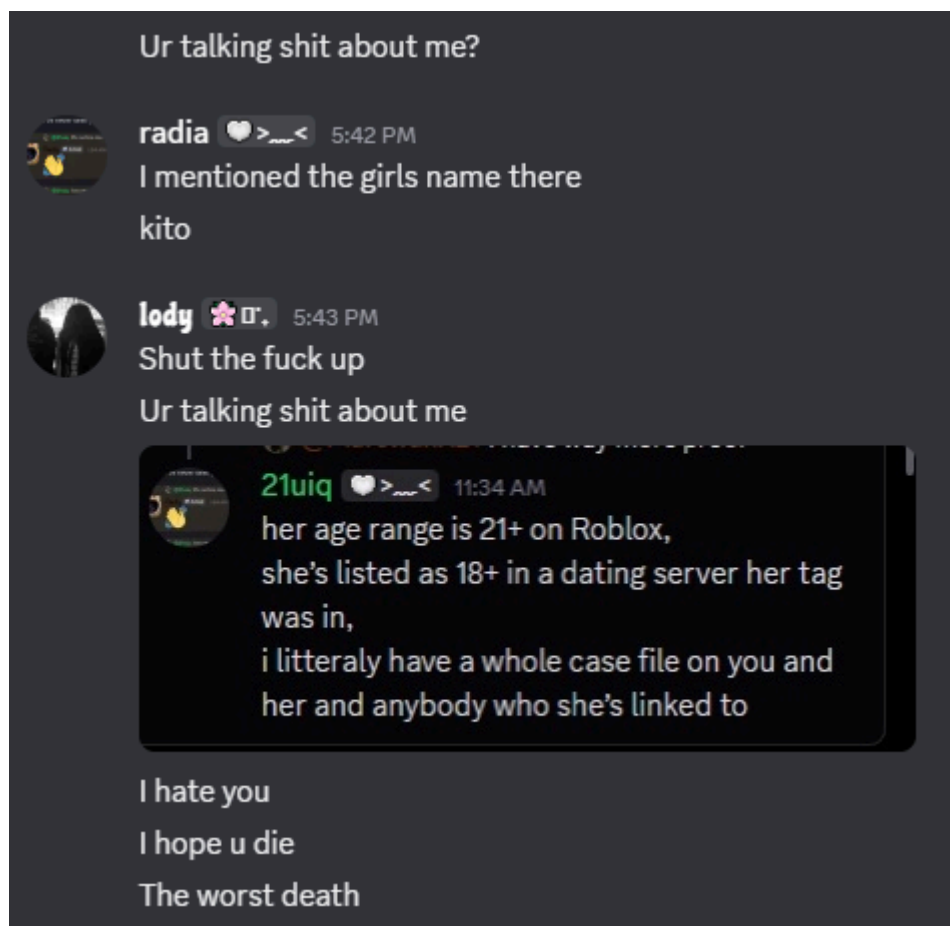

She's bipolar as shit she says she misses you then next second you get a deaththreat from her saying this.

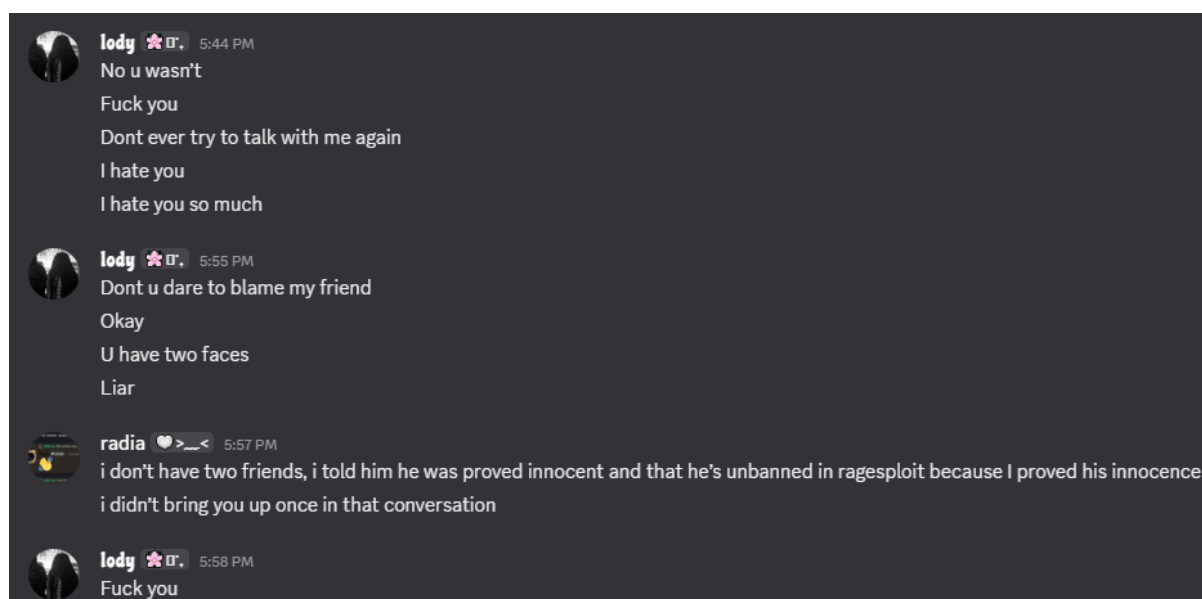

The next few pages describe how she accuses me of “talking shit” about her but i CLEARLY mention the girl i was REALLY talking shit about and it really shows her true colours of who’s side she’s really on someone she’s known a week that’s shown nothing but love to her ever since they met her, or someone she barely knows at all.

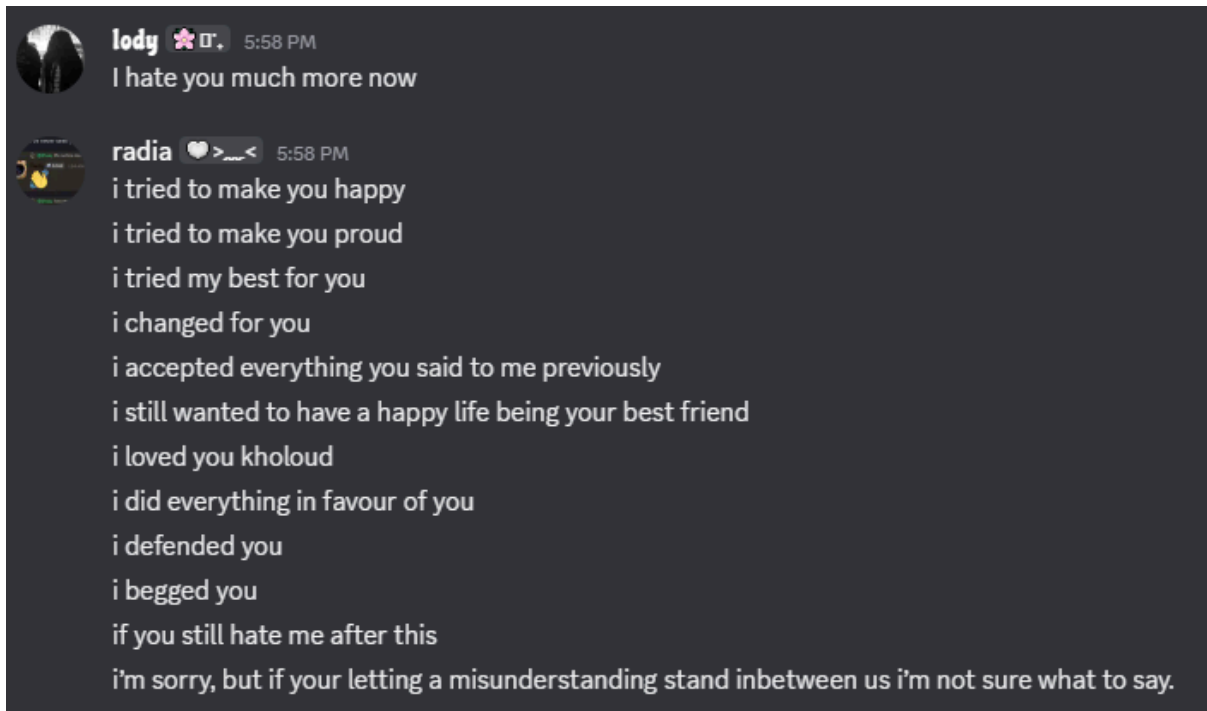

<- clearly you can see i'm not talking about her

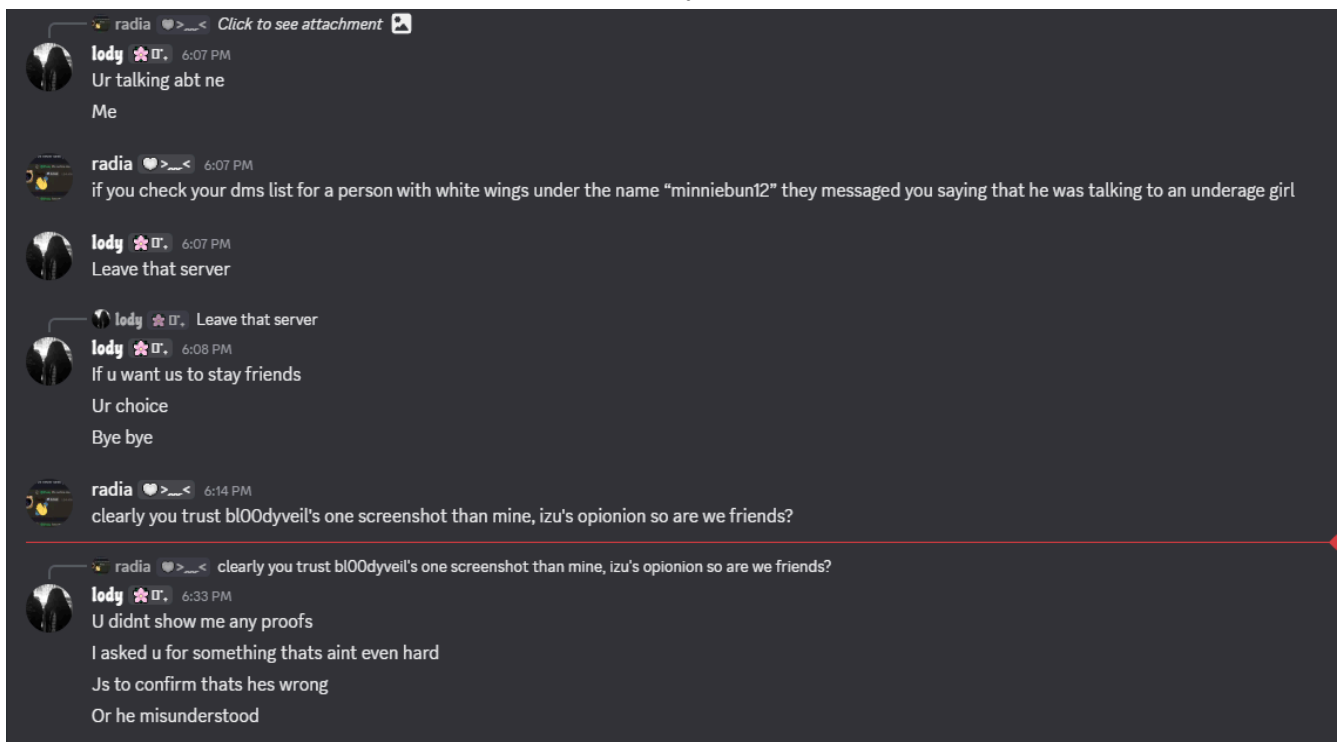

YET SHE STILL THINKS IM TALKING ABOUT HER. I PROVIDED THE PROOF. I SHOWED HER HOW OBVIOUS IT WAS. MIND YOU I DIDN'T BRING HER UP ONCE.

Yeah, i have two faces sure i do. Not like you aren't trusting your friends "tiny" screenshots over my full explanation, believing anything you see you small minded prick.

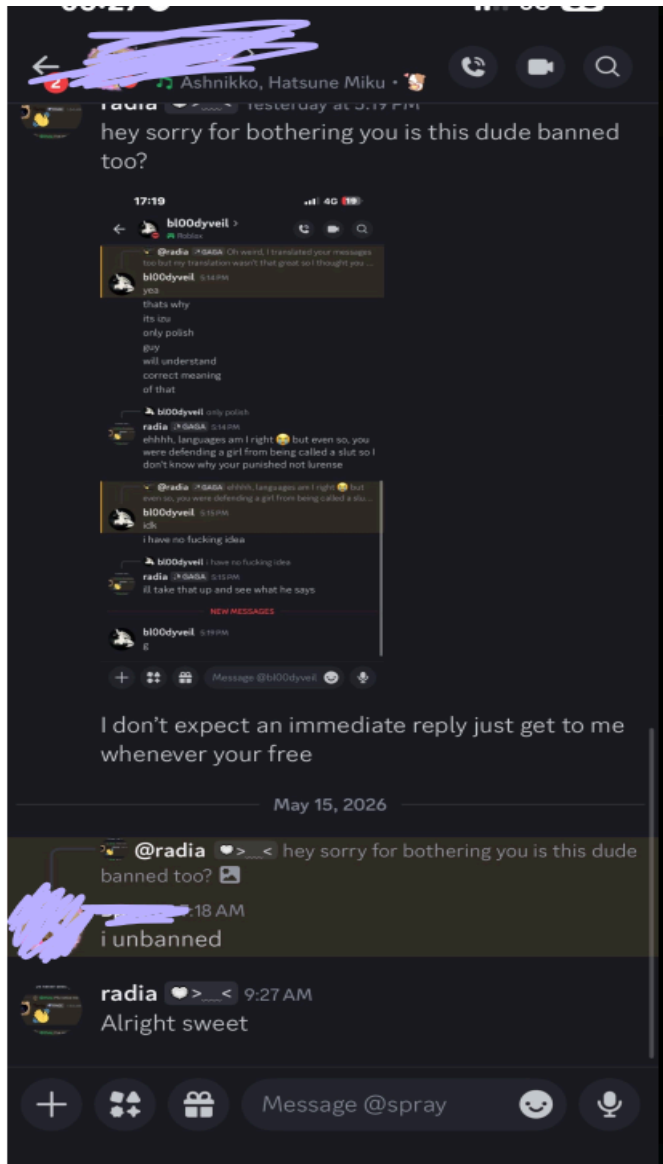

this is what i responded with in response to her many “hate” comments. ^

She's claiming here ^ I showed no proof but there's clear proof i mentioned “kito” not “lody”
So she just took the first thing she could to make an excuse of me.

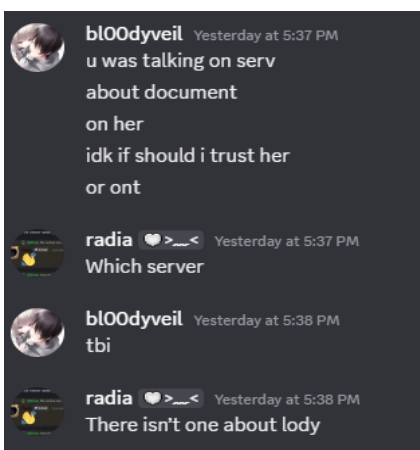

Picking sides

Okay, as per usual “friends” gotta pick sides, introducing bl00dyveil aka bl00dy.

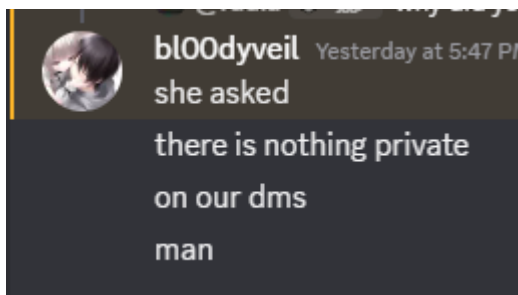

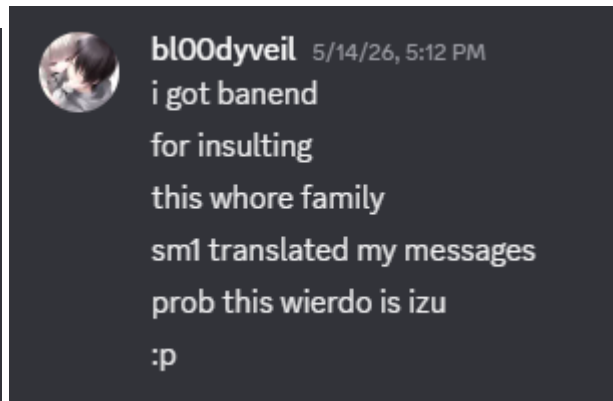

He is a pretty comical copy of izu / a “cheap” fake of izu.

He started messaging lody absolutely every screenshot of our dm’s leaking them so how’s this for a change?

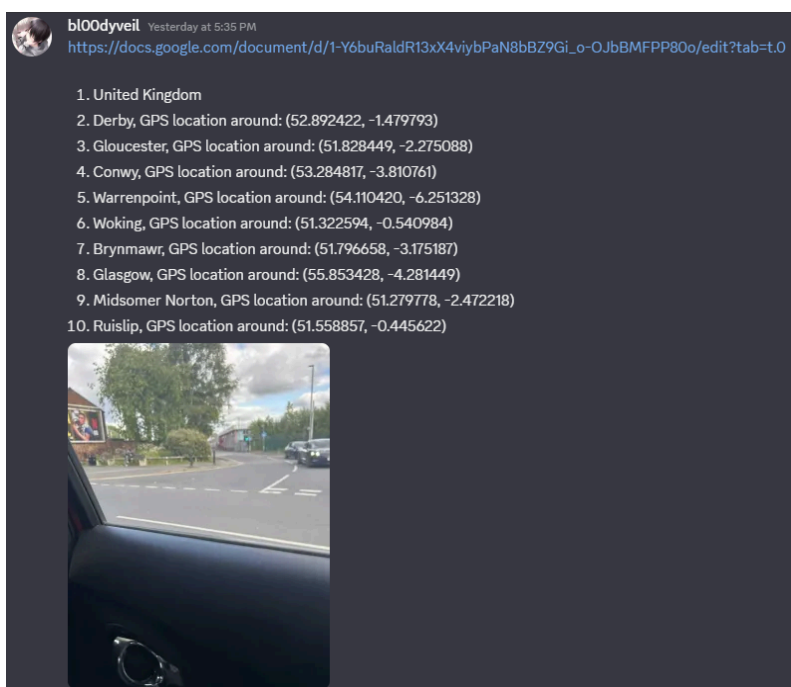

OH YES THERE IS.

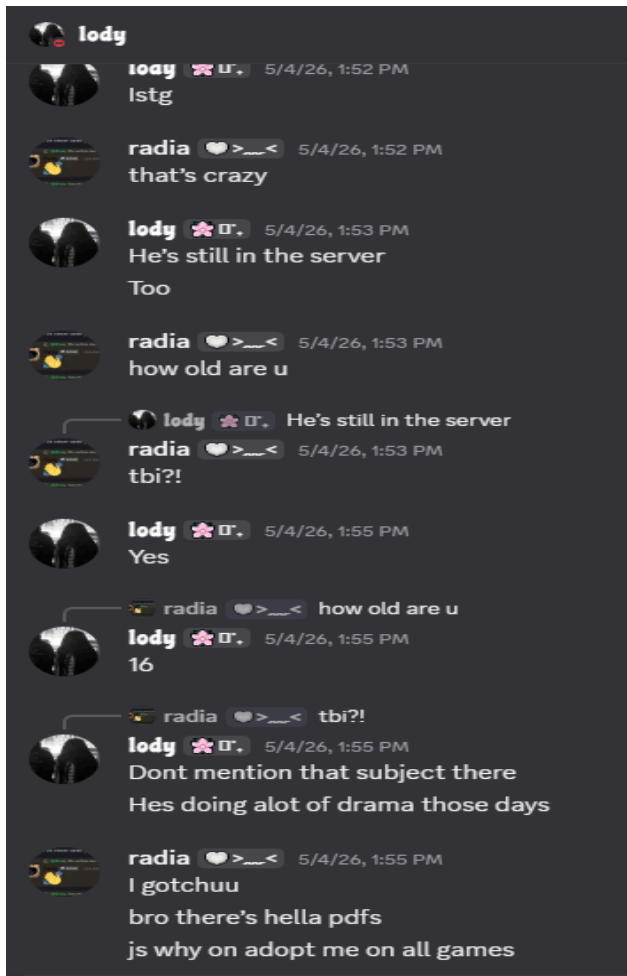

Let's take some messages from OUR dm shall we?

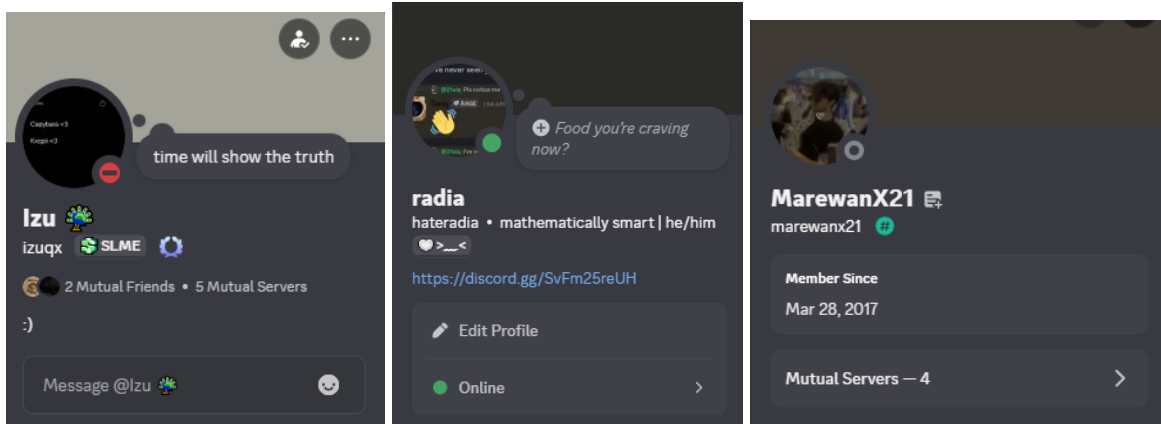

There isn't right? Wait wait wait, should i drop it all?

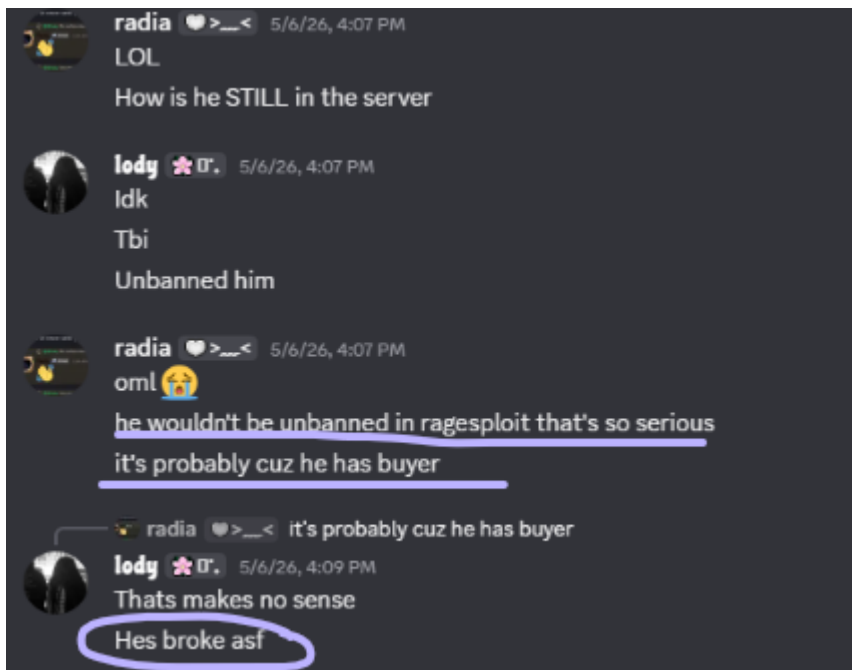

^ Trying to "osint" my address. I'm not even near any of those i haven't even heard of any of those countries, this photo i sent kholoud so yes she has a very cropped, no license plate no street name image.

In this screenshot she talks about “he’s doing alot of drama those days”
But if anything it’s HER doing all the drama, and THESE are the victims.

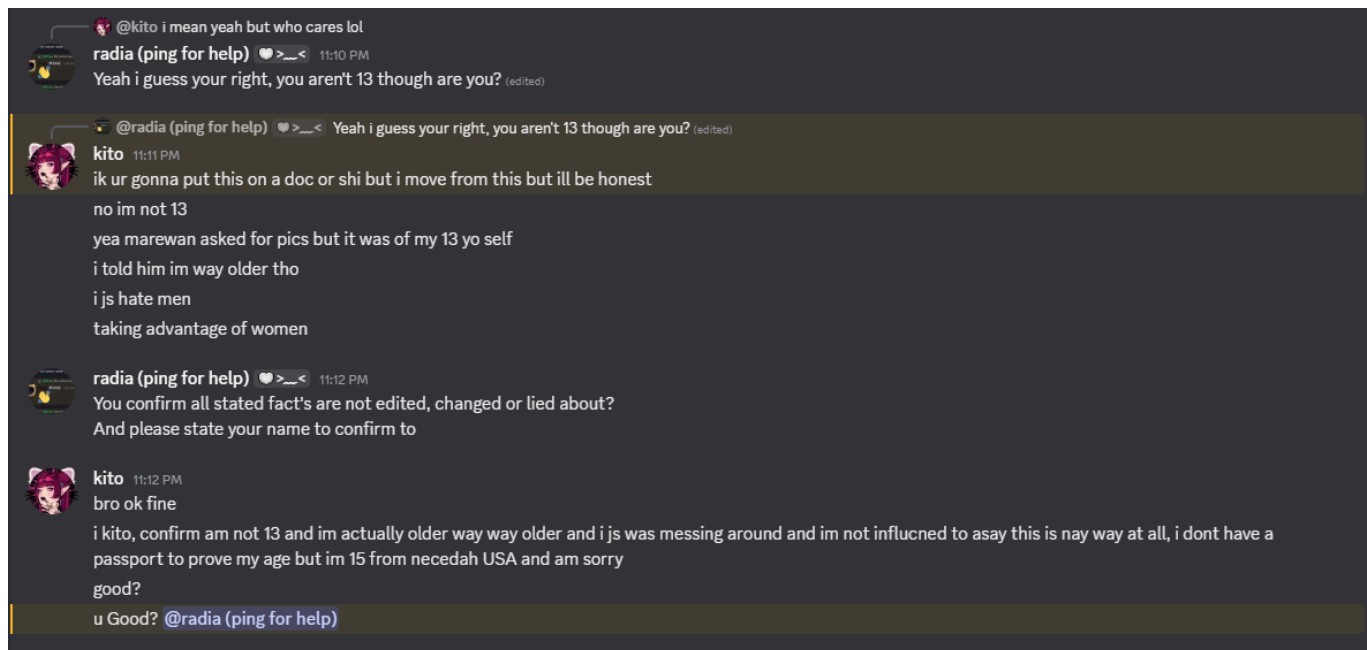

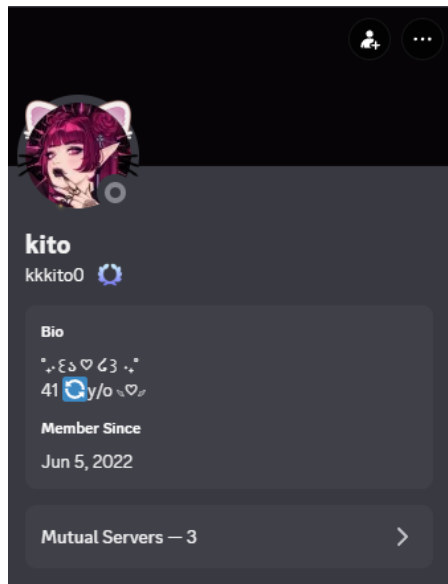

Now that i think about it she might just have a type for our profiles 😭

She goes on about marewanx21 being broke, I was shit-talking him at this stage because i didn't get the full story from marewan but he was catfished by allegedly talking to a "13 y/o" This was proven fake by me, ask for details dm to @hateradia / @forsakenpurity

Xmarewanx21

Marewan was proven innocent by me only for one case regarding the kito case.

- Ages were changed every 3 months because she was cosplaying a young girl, sick i know. But this proves marewan's case to be true. Though he did have a relationship with lody a 16

year old legally the age of consent in germany is **14** if both parties are under 18, marewan is not under 18 so he follows the typical 16-18 age band with parental consent.

From 16 – 18 teenagers need parental permission (either in writing or better parents accompanying their child). Physical violence including spanking on any part of the body is illegal in Germany. The legal age of consent in Germany is **14 if both partners are under 18**.

The age of consent in Italy is **18** so this doesn't excuse the fact he dated two underage girls yet he was influenced very heavily on lies.

The age of consent in Italy is **18 years old**, but if the partners have a age difference of 3 years or lower it can be lowered at 14 years." Status is not correct "under 14 the person is legally a child, therefore can't consent, no matter the partner's age.

So yes, it was illegal and i have proof confirming lody's age but lody is a pathological liar, there's proof behind her lies, and several people confirming her lies yet she points ME as the liar.

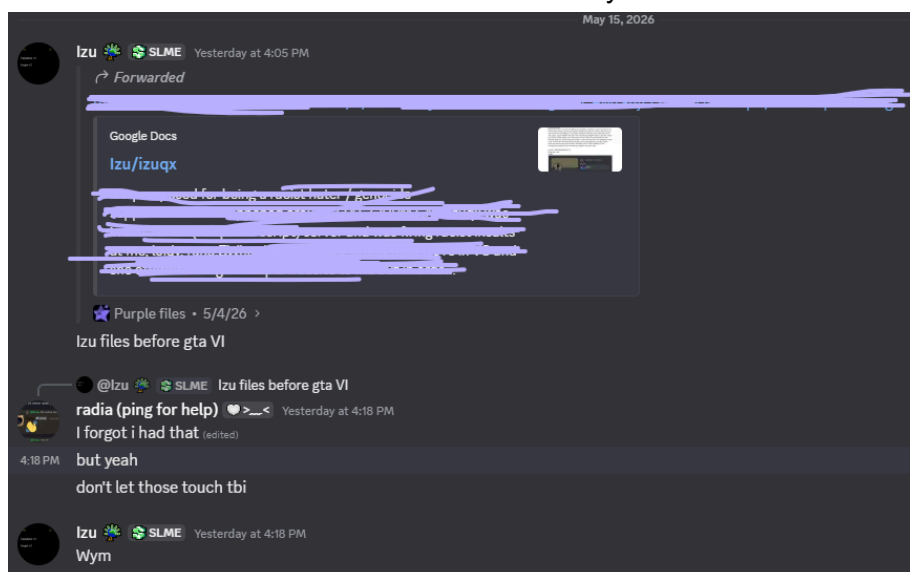

Izuqx

Izuqx and I met under really bad conditions it all began on may 4th
He had a really bad time in TBIGUI and said some horrible things related to genocide.
As for the document i know you might want to see them but this isn't a izu document or a marewan document this is a lody document. I'll keep it brief though.

May 4th - start of our convo

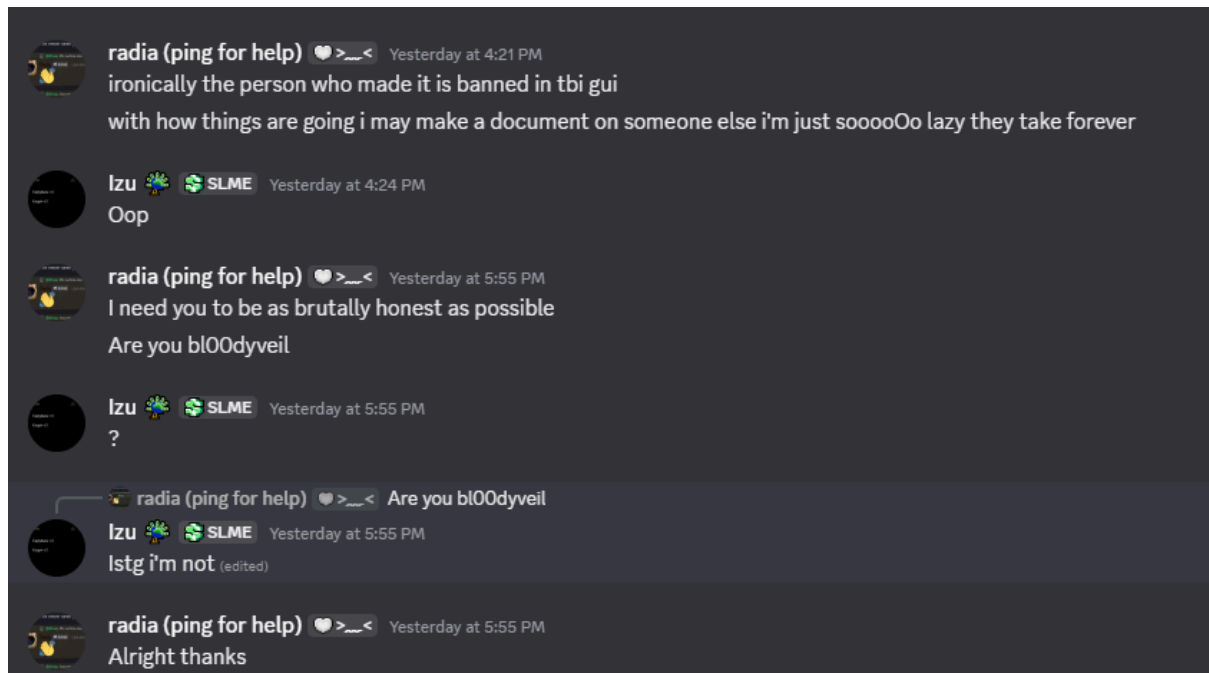

- I messaged him to come back, people missed him. He said horrible things but this isn't his document i'm here to share his side of the story.

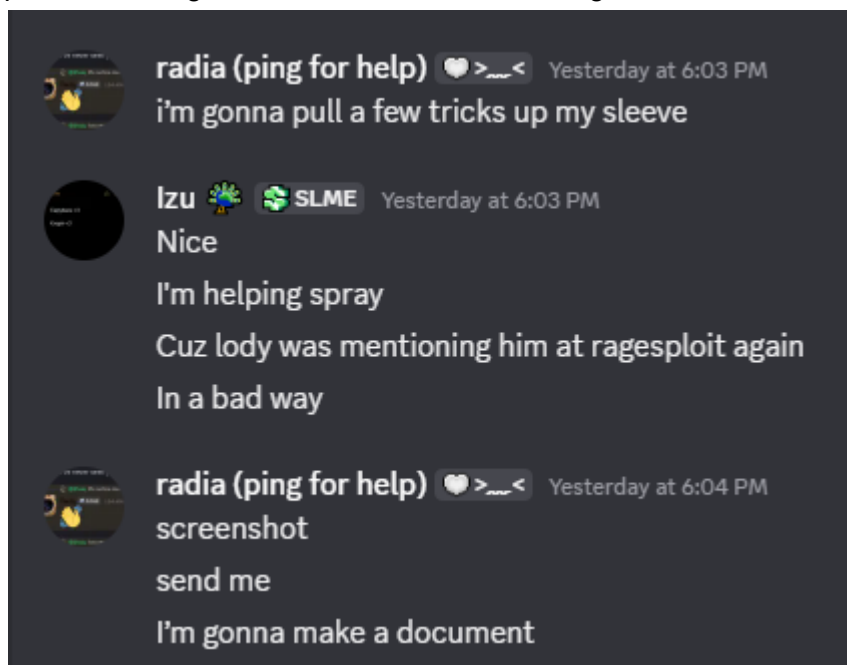

This was yesterday / JUST before me and lody got into an argument

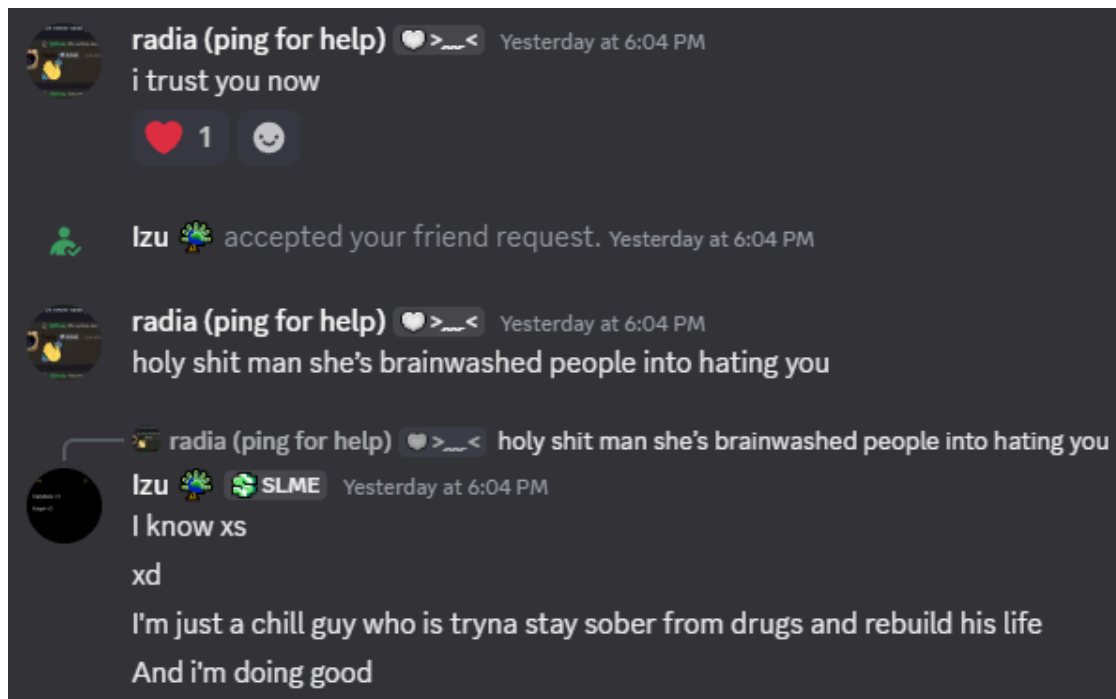

He spoke to me about the file i had of what he said that day, and we cleared some stuff in DM's and you can see that i messaged him regarding the comments on may 4th and he dm'ed me on may 15th so yes, there was gap for me to forget i had the file made. I make files on anything bad i see. But NO i won't make one on tariq lody, stop blabbering.

This is where i asked Izu if he was bl00dyveil since bl00dyveil was dm sharing with lody every 5 messages so anything i said to bl00dy i was actually saying to lody, surprise surprise. [Lodyfiles](#) this is proof of him showing lody our dm's because "she asked" their private messages for a reason / direct messages bucko.

Despite being hated, being turned against, losing all his friends he still made a effort to help. Shout out to spray & tariq , they helped alot with the bans.

This is lody's take on izu.

In my opinion, this behavior is disgusting and unacceptable.

He also constantly talks about drugs, smoking, and other illegal things, while spending most of his time on Discord talking to e-girls and disrespecting Muslims and black people.

My Own Mistake!

Even I made a mistake and said something wrong once:

But it was my first and last time saying something like that, and I admit that it was wrong

And in ur opinion do u think leaving a server deserve to be that much dramatic?

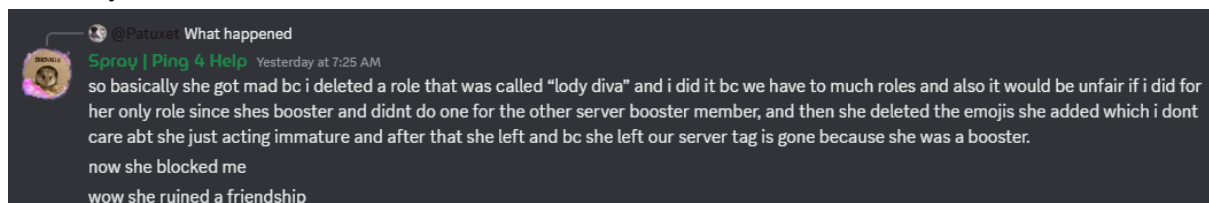

Found in this file.

[Izu and radia history](#)

Her count of the story ^

However, she says one thing, "...wrong once", "leaving a server deserve to be that much dramatic?"

Well lody, YOU SEEM TO THINK THE SAME DON'T YOU? LOOK BELOW.

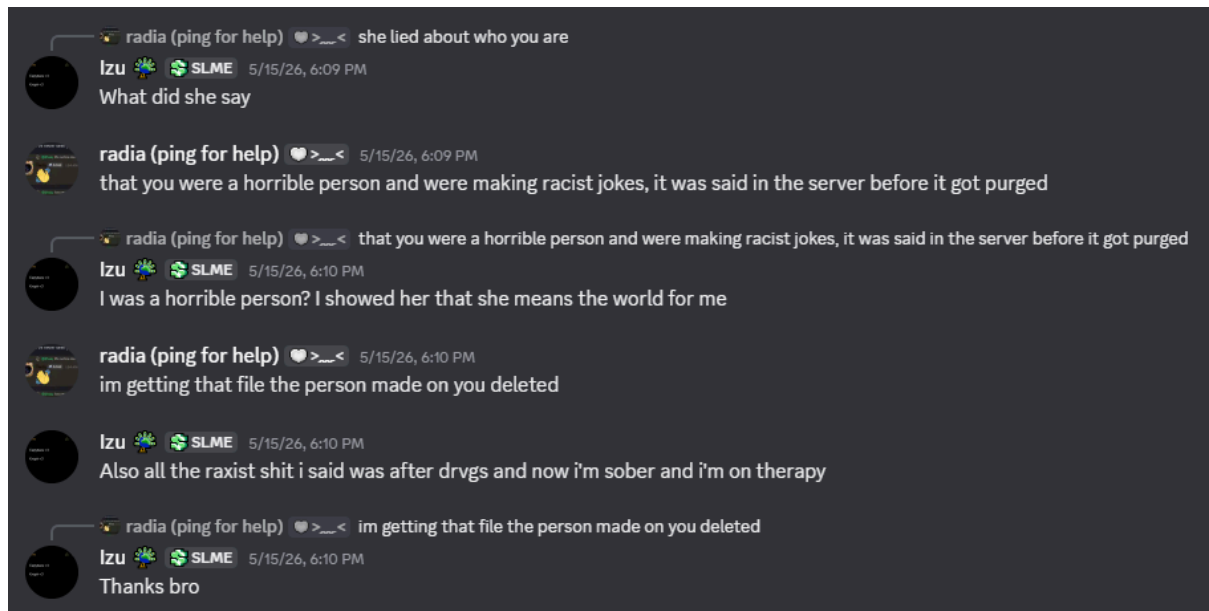

SHE LEFT BECAUSE SHE GOT HER ROLE REMOVED.

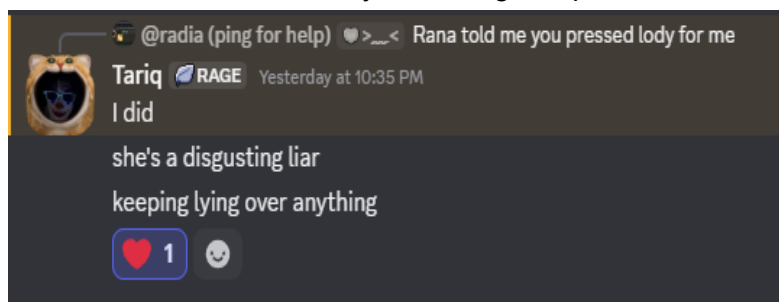

She claims she was "disrespected" but come the fuck on, over a role? How about the disrespect YOU gave to US.

Credits to spray for this summary.

I conducted a thorough investigation and he said he was sober, recovering from drugs. This is the type of person Lody is preying on, people with weak self-esteems, people with weak mental health, she love bombs them then expects them to buy her bullshit.

He was on THERAPY. And your calling this person out via files. You vile person.

You lie about EVERYBODY. And call US liars.

You've lied to tariq, You've lied to izu, You've lied to rana, You've lied to spray, You've lied to plakka, You've lied to marewan. WHO ELSE WILL YOU LIE TO?

DO NOT. COME AND BLAME EVERYBODY AROUND YOU. FOR YOUR MISTAKES. IZUQX SAID HORRIBLE THINGS, BUT HE DIDN'T FRAME PEOPLE. HE TRIED TO CHANGE. HE IS SOBER. YOU HORRIBLE PERSON.
